Here are my edits; unfortunately track changes didn't work, comment bubbles did; so you probably can't see the changes I made in the text. We're getting closer.

Subject: New Version of the 24(c) Memo

Attached is an annotated revision of the 24(c) memo. To make this easier to read, in most cases we accepted the proposed changes. Where the accepted changes seemed potentially problematic, we provided a comment bubble to explain our rationale for changing the edit. We've also flagged a few places where we need some further input from the OCSPP-IO.

We have not shared this version with OGC. Let us know if you'd like us to do that now, or if you'd like an opportunity to review this draft before we seek additional input from PTSLO.
